

National Disability Insurance Scheme (NDIS)

The National Disability Insurance Scheme (NDIS) is available throughout Queensland.

The NDIS funds supports that help eligible people with permanent disability in their daily lives to participate in the community, and reach their goals.

Children younger than 9

Children younger than 9 who are diagnosed with a disability, or younger than 6 who are experiencing developmental delay may be eligible for support through the NDIS Early Childhood approach. Early Childhood Partners deliver the Early Childhood Approach and can support both children and their families to build skills for daily living.

Parents across Queensland can contact their local Early Childhood Partners (see over page).

Older children

Children aged 9 years and older, with permanent disability, may be able to access supports from the NDIS.

Parents can contact their NDIS Local Area Coordination Partners located across Queensland (see over page) for assistance with accessing the NDIS.

Students in Year 12 and leaving school

The NDIS provides a range of supports for eligible school leavers including School Leaver Employment Support. This support can be offered during the final years of school and directly after leaving school for up to two years. This support helps school leavers to build their ability and confidence to enter the workforce.
